I will call her tomorrow; she's gone for the day today. I'll dig a little deeper with her and find out how things went from DTSC perspective.

Wow. Have you talked to the state? I am definitely going to mention it to Dan on Friday. I think you should find out from your peer what's their take. I asked Nancy if she had any recollection of why we didn't list it. She said the State didn't want us. Since they are on the lead, they need to be developing a plan.

Subject: Treasure Island

Hi,

As you know the Navy held an Open House at TI last Saturday as an open communication effort for the community. I wasn't able to attend but have heard that it might not have gone well. The Navy did not allow press into the community Q/A portion of the event. I'm looking for news clips from the event. In so doing, I discovered that the Commonwealth Club is hosting an event tonight at 6:00 titled "Secrets of Treasure Island: Uncovering the Navy's Radioactive Legacy." I'll keep tracking this and keep you posted.

Loren
